If the event is cancelled by the organiser, the course fees will be refunded in full.

Horizons of Knowledge Competence to master the future.

Innovative developments in the field of medical technology, sophisticated new treatment methods, increasingly more stringent requirements for hospital and quality management and, last but not least, a healthy interest in acquiring new knowledge has given rise to an enormous and ever-increasing demand for further and advanced training.

The Aesculap Academy enjoys a world-wide reputation as a leading forum for Medical training and answers the demands of medical staff and physicians in OR, anaesthesia, ward, outpatient care and hospital management. The course program comprises a wide range of hands-on workshops, management seminars and international symposia.

Consecutive Winner 2005, 2006 & 2007

Aesculap Academy courses are of premium quality and are accredited by the respective medical societies and international medical organisations. A scientific advisory board guarantees the perfect selection of speakers and topics.

Welcome Message

Since the launch of the WHO Clean Care is Safer Care in 2005, many healthcare institutions have invested in promoting better hand hygiene compliance in care of their patients. An objective measurement of the success of the program is an audit. This workshop aims at equipping Infection Control professionals in use of a validated audit tool. Other healthcare workers who are involved in hand hygiene programs at their institutions are also welcomed to participate in this workshop.

I look forward to welcoming you at the workshop to learn more about the audit tool and how you can use it to enhance your hand hygiene program at your institution.

Yours sincerely

Dr Ling Moi Lin
President
Infection Control Association (Singapore)

Invited Speaker

Patricia Ching
Senior Nursing Officer, Infection Control and Quality Improvement Support Unit
Queen Mary Hospital, Hong Kong
* Chair lady of Hong Kong Infection Control Nurses Association
* Treasurer of Asia Pacific Society for Infection Control
